TIPS

1. **Check the connections:** Make sure all components are properly connected to each other (terminal, CPU, keyboard, mouse, network cable, etc).
2. **Energy:** Confirm that the main power is turned on.
3. **Restart:** Turn off the computer. Wait 30 seconds and turn it on again.
4. **Passwords:** Please confirm that you are using the correct username and password. Perceive the difference between the Network and Pointsec password.
5. **Internet:** If the problem is browsing the web, try to access many different sites (Sites Ericsson).
6. **Check:** Look if other people are experiencing the same problem.
7. **Error message:** If you receive an error message, write it on paper exactly as it appears and report it to the Help Desk.
8. **Always have a backup of your most important documents.**
